A Word on Academic Integrity

• Where is “the line” in doing assignments?

• DO:
  • Talk about the course concepts with your classmates
  • Discuss the homework concepts with your classmates to clarify conceptual misunderstandings

• DO NOT:
  • Work “together” to solve an assignment
  • Turn in identical papers
  • “Share” any computer code or other lab executable (e.g., a layout)

• ANY VIOLATION WILL BE REFERRED TO THE DEAN OF STUDENTS
Plagiarism

• Merriam-Webster defines plagiarism as “the act of using another person's words or ideas without giving credit to that person”
• You may not quote any lectures word for word to answer a homework or exam question
• You may not quote a homework solution to answer an exam question (you will be allowed to write information on a sheet of paper for each exam – I recommend you do not put quotes of others on the sheet, including from lectures or homeworks)

• Academic misconduct includes but need not be limited to the following:
  • Possessing, using or exchanging improperly acquired written or verbal information in the preparation of any essay, laboratory report, examination, or other assignment included in an academic course;
  • Substitution for, or unauthorized collaboration with, a Student in the commission of academic requirements;
  • Submission of material that is wholly or substantially identical to that created or published by another person or person, without adequate credit notations indicating authorship (plagiarism);
  • False claims of performance or work that has been submitted by the claimant;
  • Alteration or insertion of any academic grade or rating so as to obtain unearned academic credit;
  • Deliberate falsification of a written or verbal statement of fact to a member of the Faculty so as to obtain unearned academic credit;
  • Forgery, alteration or misuse of any Institute document relating to the academic status of the Student.
